# HAKKIMIZDA ABOUT US

We, for four generations, obtained the figs from own garden in mountain village in the Sultanhisar of Aydın. By establishing Öztürkçiftliği Tarım Ürünleri İthalat İhracat Sanayi ve Ticaret Limited Şirketi in 2018, we process the figs in the surrounding mountain villages, together with our own figs, in our facilities in line with demand, and sell them both in the country and abroad. We also supply apricots with the Öztürkçiftliği brand upon request.
